Duke UNIVERSITY

Hananiel Setiawan

2424 Erwin Road, Suite 302 ▪ Durham, NC 27705 ▪ hs228@duke.edu ▪ (517) 599-1791

Education

Duke University — Durham, NC
PhD, Medical Physics — May 2022 (Expected)
Certificate in College Teaching
Relevant Coursework: Diagnostic Imaging, Clinical Practicum, Radiation Protection and Therapy, Data Science

Michigan State University — East Lansing, MI
BS (Honors), Physics — Aug 2017
Relevant Coursework: Quantum Physics, Nuclear and Particle Physics, Differential Equations, Python

Universität Zürich — Zürich, Canton Zürich, Switzerland
EuroScholars Research Student, Physics — Jan - Jun 2017
Relevant Coursework: Radiation Therapy Seminar (Profs. Uwe Schneider and Tony Lomax)

Lansing Community College — Lansing, MI
AS, Engineering Physics and Mathematics — May 2014
Relevant Coursework: Calculus, Classical and Modern Physics, Linear Algebra, MATLAB and C++

Research and Academic Experiences

Carl E. Ravin Advanced Imaging Laboratories, Dept. Radiology, Duke University — May 2018 – Present
PhD Student and Graduate Research Assistant, Advisor: Prof. Ehsan Samei (Radiology)
Main Project: Contrast dynamics modelling in human and contrast-enhanced CT protocol personalization

1. Research project revolves around building a machine learning-based contrast dynamics model utilizing a library of patient images from Duke University Medical Center
2. The model will potentially be used to improve current clinical protocol to personalize contrast administration protocol in a contrast-enhanced CT scan
3. In addition, the resulting model will be applied to the XCAT anthropomorphic digital phantom library
4. Participated in Duke University Summer Doctoral Academy: Science Policy and Research Computing (Summer 2018), Negotiation and Intro to Health Care Policy (Summer 2019)
5. Designed, organized, and created the Samei Group website during summer 2018

Physik-Institut, Universität Zürich and CERN — Jan – Jun 2017
EuroScholars Undergraduate Research Assistant, Advisor: Prof. Florencia Canelli (Particle Physics)
Main Project: "The Search for the Supersymmetric Particles with the CMS Detector at the LHC"

1. Completed 3,000+ CMS detector simulations of two different models of proton + proton collision, T1tttt and T5tttt, with two different gluino decay channels
2. Compared the final state products and kinematics of the simulations to explore potential Supersymmetry (SUSY) particle mass(es)

National Superconducting Cyclotron Laboratory, MSU — May 2013 – May 2017
Undergraduate Research Assistant, Advisor: Prof. M. Betty Tsang (Nuclear Physics)
Main Project: "Pion Production in Rare Isotope Collisions"

I was mainly involved in three projects:

1. Pion Production Simulation
   - Completed 10,000+ simulations of different reactions (Sn-132+Sn-124, Sn-108+Sn-112, Ca-48+Ca-48, and

others) to study pion production in nuclear collisions using pBUU transport code
- Analyzed result of simulations in ROOT/C++ environment to inform the effect of the Nuclear Symmetry Energy in nuclear high density regions, such as the neutron stars

2. SAMURAI Pion-Reconstruction and Ion Tracker (SPiRIT) Time Projection Chamber (TPC)
   - Involved in some construction and testing activities, including designing the window of the TPC and gas-leak testing to ensure the quality of the enclosure
   - Created CAD drawings and 3D models of TPC and experimental set-up
3. High Resolution Array (HiRA) Research
   - Generally involved with experiments conducted with HiRA detector at NSCL, including maintenance and experimental set-up/clean-up
   - Maintained and updated HiRA and Symmetry Energy Project group websites

SLAC Linear Accelerator Center at Stanford University Jun – Aug 2016
US Dept. of Energy Undergraduate Research Assistant, Advisor: Dr. Juhao Wu (Accelerator Physics)
Main Project: "Multi-Dimensional Optimization of a Terawatt Seeded Tapered Free Electron Laser"

1. Successfully discretized the undulator magnets tapering using both Markov Chain Monte Carlo (Simulated Annealing), as well as genetic algorithm in MATLAB environment to improve the X-ray power of SLAC's Linac Coherent Light Source (LCLS) Free Electron Laser
2. Used Genesis 1.3 to simulate LCLS, the result includes an improvement of more than 40% increase of peak power

Center for Interdisciplinary Exploration & Research in Astrophysics, Northwestern University Jun – Aug 2015
NSF REU Undergraduate Research Assistant, Advisor: Prof. Giles Novak (Astronomy)
Main Project: "The BLAST-TNG Project: Repurposing the SPARO Cryostat for HWPr Cold-Testing"

1. Repurposed a cryostat, which had previously been used as a cryogenic instrument deployed at the South Pole, to be reused for cold-testing of BLAST-TNG (Ballon-borne Large-Aperture Submillimeter Telescope) telescope's Half Wave Plate rotator, using SolidWorks to design the modification needed
2. Developed a remote temperature monitoring system using a Silicon Diode thermometer, an Ethernet system, and C++ programming

Skills

Language: English (Fluent), Indonesian (Native), Javanese-Arekan (Native), German (Beginner)
Computer: Familiar with MATLAB, HTML/CSS, UNIX, Adobe Dreamweaver, and Topdrawer. Some experience with Python, Autodesk Inventor (CAD), CERN-root, and LaTeX

Publications and Presentations

Other publications and contributions:

Duke University Graduate School Professional Development Blog Contributor:

1. Alumni Profile Series: Yang Yang, Ph.D. (Google) - (02/01/2018)
2. Alumni Profile Series: Michael Kurilla, M.D., Ph.D. (National Institutes of Health) – (06/20/2018)

Honors, Awards, Scholarships, and Fellowships

Gates Millennium Scholar (2014-2022, *Bill and Melinda Gates Foundation*)
James T. Dobbins Leadership Award (2019, *Duke Medical Physics Graduate Program*)
Director's Award for Exemplary Service (2018, *Duke Medical Physics Graduate Program*)
James B. Duke Graduate Fellowship (2017-2021, *The Graduate School at Duke University*)
University Scholars Program Recipient (2017-2022, *Duke University, William H. Gates Foundation*)
EuroScholars Scholarship (2017, *EuroScholars Consortium*)
Dean's List (2014-2017, *Michigan State University*)
L.W. Hantel Endowed Fellowship (2016, *MSU Dept. Physics and Astronomy*)

Dean's Research Scholar (2015-2016, *MSU College of Natural Sciences and MSU Honors College*)
H. Tolles Scholarship (2015, *MSU Dept. Mathematics*)
First Place Award (2015, *MSU Undergrad Research Forum UURAF*)
All-Michigan Academic Team (2014, *Phi Theta Kappa and Coca-Cola Scholars Foundation*)
President's List (2012-2014, *Lansing Community College*)
J. Aldinger Scholarship (2013, *Lansing Community College Foundation*)

Service to Current and Past Academic Institutions

Director of Operations, *Duke University Graduate and Professional Student Council - GPSC* (2019-2020)
Graduate Consul, *Duke University Scholars Program – USP* (2019-2020)
Member, *NC Campus Pantry Collaboration, Duke-UNCCH-NCSU-NCCU-DurhamTech* (2019-Present)
Lead Teaching Assistant, *Responsible Conduct of Research Course for New PhD Students, Duke University* (2019)
Committee Member, *Duke University GradX 2019 Planning Committee – Society of Duke Fellows* (2019)
Committee Member, *Duke University Martin Luther King Commemoration Planning Committee* (2018-Present)
Graduate Student Liaison, *Duke Graduate School Graduate Student Affairs* (2018-Present)
Primary Organizer, *Duke University Fall 2018 Medical Physics Residency Panel* (2018)
Mentor, *Duke University and Michigan State University – 4 Undergraduates and 1 Graduate*
Committee Member, *Duke Medical Physics Culture Committee* (2018-2019)
PhD Representative, *Duke Medical Physics Student Leadership and Advisory Council* (2018-2019)
Teaching Assistant, *Responsible Conduct of Research Course for New PhD Students, Duke University* (2018)
Student Coordinator and Volunteer, *Duke Medical Physics Program Fall and Spring Open Houses* (2017-Present)
Contributor, *Duke Graduate School Professional Development Blog* (2018-Present)
Contributor, *Duke Medical Physics Biweekly Newscast* (2017-Present)
Volunteer, *Improved the design & user-friendliness of the Northwestern University Machine Shop's Website* (2015)
Presenter and Science Outreach Volunteer, *National Superconducting Cyclotron Laboratory* (2014-2017)
Presenter and Science Outreach Volunteer, *MSU College of Natural Sciences* (2014-2017)
Senator, *The Academic Senate of Lansing Community College* (2013-2014)
Committee Assignments: Competitiveness and Innovation, Resource Management/Fiscal Responsibility, and Election
Member, *LCC Gateways to Completion Pilot Program Steering Committee* (2013-2014)
Member, *LCC Multicultural Advisory Committee to the President* (2013-2014)
Member, *LCC Sustainability Advisory Committee to the President* (2012-2014)
Presenter and Science Outreach Volunteer, *LCC Science Department* (2012-2014)
Co-initiator and Co-organizer, *International Café, Lansing Community College* (2013)
Fundraiser and Officer, *FIRST Robotics Team 4294, The Early College at Lansing Community College* (2011-2013)

Service to the Communities

Board Member, *Duke University Chapel National Advisory Board, Durham NC* (2019-2022)
Judge, Physics and Mathematics Section, *North Carolina Science and Engineering Fair*, *Raleigh NC* (2019)
Volunteer, *Hillandale Elementary School Science Day, Durham NC* (2018-Present)
Volunteer, *Threshold Clubhouse, Durham NC* (2018)
Volunteer, *Eno River Park Festival, Durham NC* (2018, 2019)
Chorister and Librarian, *Duke University Chapel Choir, Schola Cantorum, and Summer Choir* (2018-Present)
Concerts: Mendelssohn's Elijah (Spring 2018), Mahler's Symphony No. 2 in C Minor (Spring 2018), Handel's Messiah arr. Mozart (Fall 2018), Bach's St. Matthäus Passion arr. Mendelssohn (Spring 2019)
Organizer/Presenter, *College Application & Scholarship Workshops – 4 Local HS, Greater Lansing MI* (2014-2016)

Ambassador, *Gates Millennium Scholars Program* (2014-2017)
Campus Based Leader, *MSU Gates Millennium Scholar Campus Based Organization, East Lansing MI* (2014-2016)
Contributor, *Re/Present Blog by the Asian Pacific Islanders American Scholarship Fund* (2014)
Volunteer, *HOPE Anti Trafficking Ministry, Michigan* (2014)
Event Supervisor, *Michigan State Science Olympiad, Greater Lansing, MI* (2013-2016)
GED Tutor, *Capital Area Literacy Coalition, Lansing MI* (2013-2015)
Treasurer, *Phi Theta Kappa Mu Tau Chapter* (2013-2014)
Fundraiser and Organizer, *Relay for Life, Lansing MI* (2012-2014)

Professional Memberships

American Association for the Advancement of Science
American Association for Physicists in Medicine
FIRST Robotics Alumni Network
Gates Millennium Scholars Alumni Network
International Society for Optics and Photonics (SPIE)
Joint Institute of Nuclear Astrophysics
Phi Theta Kappa, Community College Honor Society
